

City of Satellite Beach

City Values – Adopted by City Council, April 4

- 1. We value excellent public safety services with community-oriented programs that connect our residents with the City and allow our residents to “age in place.”**
- 2. We value the quality of life that our residents have come to expect, with recreational opportunities, beach access, and events that bring the community together.**
- 3. We value partnerships with our businesses, PAFB, our non-profit partners, and other local governments to address the needs of our community.**
- 4. We value having a financially feasible infrastructure plan to address current maintenance issues and impeding impacts from climate change.**
- 5. We value being a leader in sustainable practices for government and reducing our City’s impact on the earth.**
- 6. We value consistent communication with our residents and promoting their involvement in City Boards, programs, and volunteer opportunities.**
