

## Beautification Board Yard of the Month March 2017

Congratulations to our March Yard of the Month winners! Rich and Debbie Wilson of 610 Jamaica Blvd. purchased their home in 1986 and have been maintaining a well-manicured yard for over 30 years. The mature palm trees provide much needed shade during our warm months and the front porch is a cool retreat from the heat. The yard has made a wonderful comeback after sustaining damage during the 2004 hurricanes. The many colorful flowering plants serve to enhance the beauty of the neighborhood.
