

Beautification Board Yard of the Month

November 2017

Congratulations to Kevin and Sharee Thomforde of 660 Kenwood Court for winning the Landscape Award. Along with their daughters, Emily and Ellie, they work in the yard as a family unit and enjoy spending the time outdoors together. Since moving into the house about six years ago, they have installed many native plants including Florida thatch palm, crinum lily, firebush and railroad vine. The Buddha belly bamboo is an impressive addition as well as the mature Old Man palms, a favorite of Sharee's Dad. The variety of palm trees gives the yard a very tropical feel.
